

SATORI

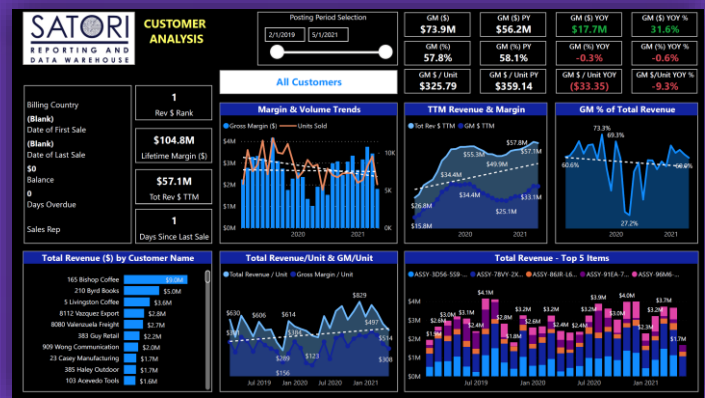

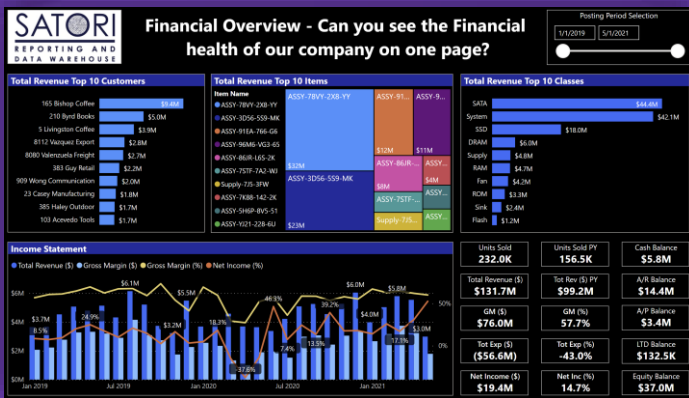

SUPPORT YOUR CLIENTS BY HELPING THEM **OPTIMIZE** THEIR NETSUITE DATA

Reporting & Insights That Improve Business Performance

ORACLE
NETSUITE

Power BI

Unlimited joins on all your NetSuite data

- See your business results end-to-end to get the full story of your performance

Single Enterprise-Wide Reporting Platform that joins data from all your data sources

- One Version of the Truth Reporting - all your data sources in one reporting tool (i.e. Salesforce, Google Analytics + AdWords)
- All your Reporting Needs in one tool - financial, operational, month-end, mobile

Time and Money Savings

- Reduce/Eliminate Time Spent on Data-Warehousing Activities and Resources
- Reduce Time Spent Preparing Reports up to 100%
- Access to reports for individuals without NetSuite user licenses

Pre-built Reports that provide significant and actionable business insight on Day 1

- Revenue and Margin Overview and Deep-Dive into Unit Economics Reports
- Financial Reporting Package
- Working Capital Reports, Inventory/Supply-Chain Set of Detailed Reports, Inventory Forecasting Model, Cash-Flow Forecasting Model, Sales Order Profitability Report
- SaaS Metrics Dashboard (for software companies)
- Ability to create your own reports to answer your tough business questions

Data Back-Up by having a copy of all your NetSuite data

- Protect your business from any business interruption

SATORI

JOINT MISSION

Satori Reporting and our partners have the same mission: Bring the value of Pre-Built Reporting in Power BI to companies that use NetSuite. Our partners deliver superior operational benefits to our NetSuite customers, combining the innovation of Satori Reporting with the proven benefits from Power BI

Earn New Revenue

- Receive commission from referred Satori customers
- Increase consulting revenue by providing valued reporting and analytic services to your clients

Broaden Your Solution Offering

- Advance NetSuite's functionality with your current clients
- Provide a value-add consulting service to gain prospective customers

Differentiate From the Competition

- Elevate your business offerings with the only prebuilt Power BI reporting solution for NetSuite.
- Increase your strategic value by providing enterprise-wide data analytics in ONE platform.
